Accordingly a meeting was held to discuss various issues.

The old files in the NAAC cupboard were inspected, under the guidance of our Off-Principal Prof Dr Rajendrakumbar.

It was discussed whether the AQAR reports from 2004 and earlier than that were useful or worth keeping. After discussing it was decided that keeping such old record of students attendance list, attendance books, daily notes, internal ~~marks~~ marks copy were decided to be destroyed.

10) Also all the record of research files, Students name lists Form E, Academic Calendar's prior to 2022 were thought fit to be removed. As of the previous years only NAAC accredited certificates were the most important document.

As we had been certified for all the available data already their storage was not felt necessary.

The audit statements was the only data preserved prior to 2022. Thus space was made available for the future five years data. The files prepared for the period 2019 to 2024, NAAC Committee were preserved as it is.

Further it was informed that the NAAC criteria had been changed. There were now ten criteria's. It was decided
